

## **BEST PRACTICES**

### **1. TITLE: EXTENSION ACTIVITIES**

#### **OBJECTIVE**

- To sensitize students on the socio-economic issues in the society
- To motivate students to be responsible citizens
- To promote extra and curricular activities as integral part of the student campus life

#### **CONTEXT**

All extension activities like NSS, RRC , YRC in the college has introduced many schemes and it is actively taken forward by the student community guided by the program officers. It is a means to make the student body to reach out to the community at large.

#### **PRACTICE**

There is a systematic practice of the extension activities in college. Various seminars and orientation camps are conducted around the year students through extension programmes commemorate important days like Women's Day, World Environment Day, Anti-Drug day, et cetera. Importantly, they participate in welfare activities, such as blood donation, distribution of medicines, eco- drives, waste management activities etc.

#### **EVIDENCE OF SUCCESS**

- Positive feedback from students that extension activities orient them to community service
- Also an effective practice to develop student volunteer personality
- Continuous implementation of the scheme in the institution is also an evidence of success

## **2. TITLE : IMPLEMENTATION OF SWACHHTA ACTION PLAN**

### **OBJECTIVE**

Swachhta (cleanliness) has been accorded the top priority in India. Swachhta is also a precious lesson that can be learnt in educational institutions as it defines students' personalities. Teachers and students need to play the lead role in creating awareness on hygiene and hygiene practices in life to improve a pure and healthy state. Based on these ideas, the honourable Minister Shri Prakash Javadekar, Minister for HRD, Government of India adopted Mahatma Gandhi National Council of rural Education(MGNCRE) to work on tools to help higher educational institutions(HEI). Swachhta plan is introduced in HEI to follow campus hygiene parameters along with education.

### **CONTEXT**

During Covid time the initiatives taken by MGNCRE as psychosocial support (PSS) impressed some of our staff members who attended the webinar. So, we wanted to extent that to the society through our institution. As a part of this our institution collaborated with MGNCRE through SAP.

### **PRACTICE**

As per MGNCRE, there are five broad categories such as sanitation and hygiene, waste management and community, water management, energy management and green campus. The institution observed and celebrated five national and international days to create awareness among the students and society as mandated by the MGNCRE.

### **EVIDENCES OF SUCCESS**

- Created Miyawaki inside the campus.
- Littering inside the campus is reduced.
- One time plastic usage inside the campus is reduced very much
